## Key Product Risks

---

### Credit Risk

This Plan is an insurance Policy issued by FWD. The Application of this insurance product and all benefits payable under your Policy are subject to the credit risk of FWD. You will bear the default risk in the event that FWD is unable to satisfy its financial obligations under this insurance contract.

### Exchange Rate and Currency Risk

The Application of this insurance product with the Policy currency denominated in a foreign currency is subject to that foreign currency's exchange rate and currency risk. The foreign currency may be subject to the relevant regulatory bodies' control (for example, exchange restrictions). If your home currency is different from the Policy currency, please note that any exchange rate fluctuation between your home currency and the Policy currency of this insurance product will have a direct impact on the amount of premium required and the value of benefit(s) to be received. For instance, if the Policy currency of the insurance product depreciates substantially against your home currency, there is a negative impact on the benefits you receive from this Plan. If the Policy currency of the insurance product appreciates substantially against your home currency, your burden of the premium payment is increased.

### Inflation Risk

The cost of living in the future may be higher than now due to the effects of inflation. Therefore, the benefits under this Plan may not be sufficient for the increasing protection needs in the future even if FWD fulfills all of its contractual obligations.

### Premium Adjustment

The Standard Premium is non-guaranteed and will be determined annually based on the attained age of the Insured Person at the time of Renewal. The Standard Premium may be reviewed and adjusted from time to time. It may increase significantly due to factors including but not limited to Age, medical inflation, and claims experience and policy persistency on an overall basis.

### Premium Term and Non-Payment of Premium

The premium payment term of the Plan is up to the Age of 100 years (attained age) of the Insured Person. FWD allows a grace period of 30 days after the premium due date for payment of each premium. This Policy shall continue to be in effect during the grace period but no benefits shall be payable unless the premium is paid. If a premium is still unpaid at the expiration of the grace period, the Policy will be terminated from the date the first unpaid premium was due. Please note that once the Plan is terminated on this basis, you will lose all of your benefits.

### Termination Conditions

The Policy shall be automatically terminated on the earliest of the followings:

- (a) where the Policy is terminated due to non-payment of premiums after the grace period as specified in Section 13 of Part 2 or Section 3 of Part 3 of the Terms and Benefits of the Policy provisions; or
- (b) the day immediately following the death of the Insured Person; or
- (c) FWD has ceased to have the requisite authorisation under the Macau Insurance Ordinance to write or continue to write the Policy

Immediately following the termination of this Policy, insurance coverage under the Policy shall cease to be in force. No premium paid for the current Policy Year and previous Policy Years shall be refunded, unless specified otherwise.

Where the Policy is terminated pursuant to (a), the effective date of termination shall be the date that the unpaid premium is first due.

Where the Policy is terminated pursuant to (b) or (c), FWD shall refund the relevant premium paid for the current Policy Year on a pro rata basis.

Moreover, the Policy shall also be terminated if you decide to cancel the Policy or not to renew the Policy in accordance with Section 3 of Part 2 or Section 1 of Part 4 of the Terms and Benefits of the Policy provisions, as the case may be, by giving the requisite written notice to FWD. If the Policy is terminated for cancellation after cooling-off period, the effective date of termination shall be the date as stated in the cancellation notice given by you. However, such date shall not be within or earlier than the 30-day notice period. If the Policy is not renewed, the effective date of termination shall be the renewal date immediately following the expiry of the Policy Year during which the Policy remains valid.

For more details, please refer to Section 15 of Part 2 of the Terms and Benefits of the Policy provisions.
